79% of Cub Scout parents say Scouting has encouraged their child to help others.

We have a 1:2 ratio of volunteer leaders to youth who support our Scouts!

# PREPARED. FOR THE FUTURE.

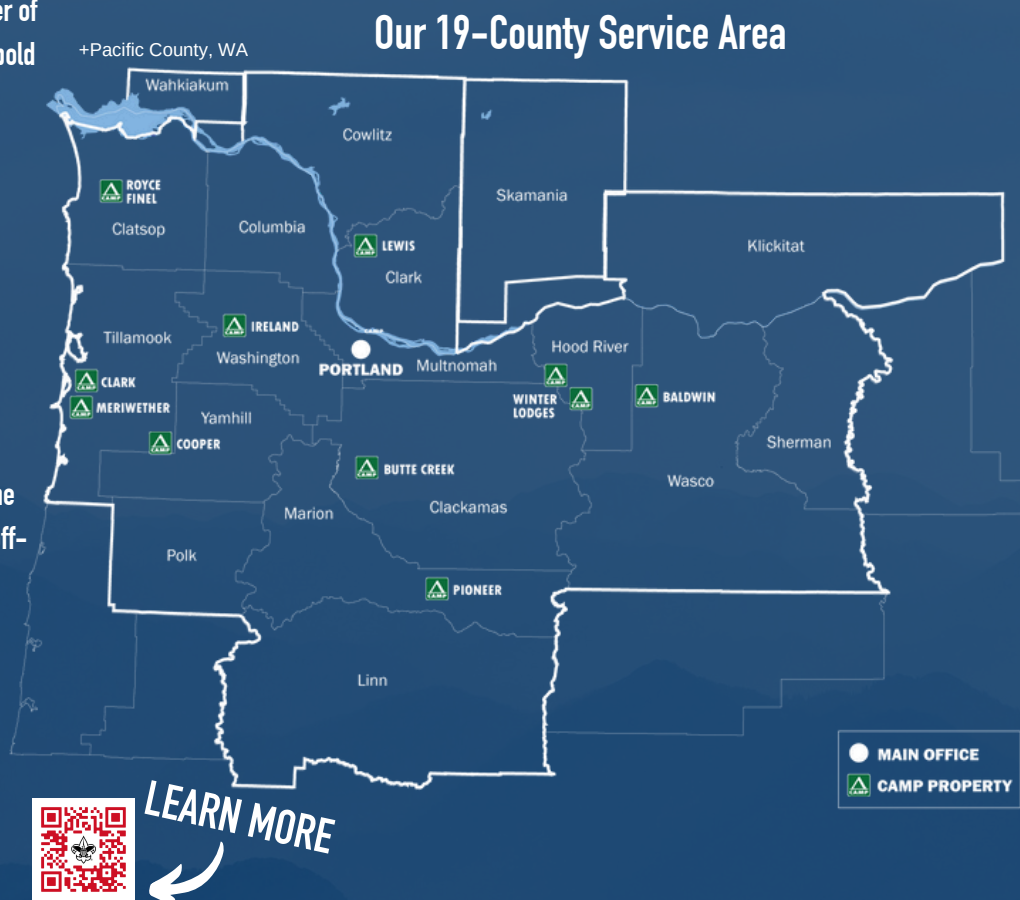

With a growing membership and an ever-growing number of girls in the program, the Boy Scouts of America took the bold step to change its name to Scouting America in 2024.

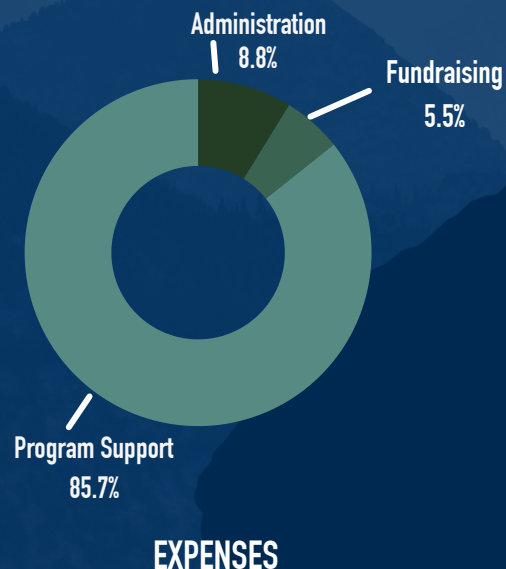

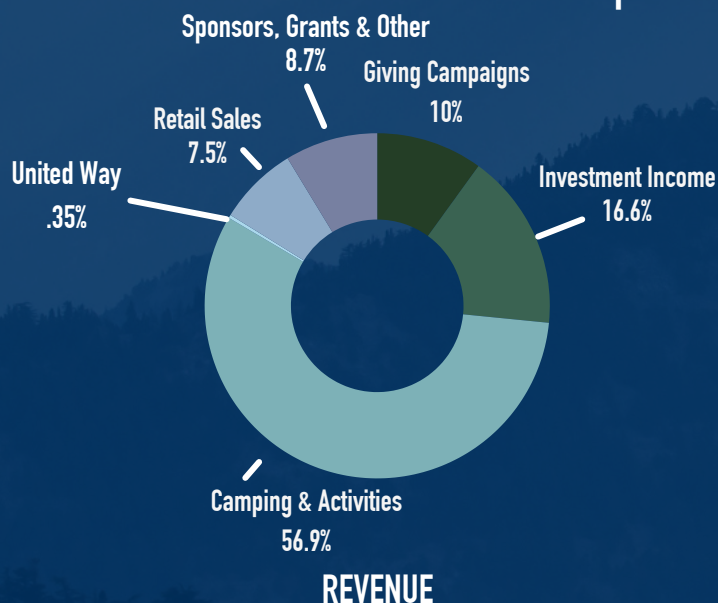

Here in the Cascade Pacific Council (CPC), we too are prepared for a future of unparalleled impact, growth and innovation:

- We are one of the nation's top-performing councils, with girls being more than 20% of our membership.
- Our Summer Camp programs welcome an ever-growing number of Scouts from across the world.
- Thousands of outdoor school students experience the great outdoors at our camp properties during our "off-season."
- We're helping other councils build the brand and welcome more kids into Scouting.

Join us as we embark on this new journey as a leading council in Scouting America by visiting [CPCSCOUTING.ORG/IMPACT](https://CPCSCOUTING.ORG/IMPACT) to learn how you can help us make an even greater impact in 2025.
