

Thank you for serving as a volunteer for this year's Camp4All campaign! You play a vital role in helping your unit families come together to achieve your unit's goal in support of outdoor experiences in CPC.

With your help we can reach out and ask every Scouting family to support our awesome camps!

**STEP 1 – Have a conversation with your district team about Camp4All (December + January)**

Work with your District Executive or designated Camp4All district leaders to set a goal, schedule a presentation date, and map out your unit's campaign timeline. The most impactful setting for your unit's presentation is at the Blue and Gold Banquet (packs) or a Court of Honor (troops). Your district team will have information about your unit's giving history, a link to your unit dashboard, as well as resources and tips to ensure your success.

**STEP 2 – \*NEW FOR 2025\* Access your unit's individual Camp4All dashboard**

Follow the link provided by your district team to access your unit's dedicated Camp4All dashboard. From the dashboard you can track your unit's fundraising progress, find essential resources, and access the online giving page.

**STEP 3 – Confirm your presentation date + promote to unit members 4 weeks out (January)**

Schedule your presentation to align with a key event, like a Blue and Gold Banquet or Court of Honor, and begin promoting it four weeks in advance. Introduce Camp4All briefly at a parent meeting, explaining how donations support Scouting activities and facilities that benefit their Scouts. Build excitement by sharing stories or examples of past impact. You can direct them to the Camp4All flyer in your unit resources for more details.

## STEP 4 – Share the DONATE NOW page directly with unit members, family, and friends

From your dashboard, find your district's donation page and text-to-give shortcode (Links also found below). Share the URL directly, or use the shortcode (e.g., "Text CampforAll\_\_\_\_\_ to 71777") for easy mobile access. When supporters text the shortcode to 71777, they'll receive a direct link to the donation page.

## STEP 5 – Invite past donors to attend your presentation or make a gift (January–March)

Access your unit's list of past donors through the fundraising resources on your dashboard. Use a variety of channels—phone, email, text, or social media—to reach out and invite them to attend your presentation or give again this year. Personalize your outreach to suit each donor; if you have questions or need support, your district team is ready to help.

## STEP 6 – Get ready for your presentation (January + February)

Download the Camp4All PowerPoint and other resources to facilitate your presentation efforts. The PowerPoint will help guide your presentation content and includes a section where you can customize select slides with photos that highlight your unit's Scouting activities.

## STEP 7 – Host presentation

Deliver your presentation at the Blue and Gold Banquet or Court of Honor. Emphasize the importance of the campaign and the direct impact it will have on Scouting. See [How to Host a Successful Presentation](#) guide in your packet.

## STEP 8 – Thank You

Following the event, make sure to send thank-you messages to everyone who donated, either during the presentation or afterward. Personal appreciation helps build a lasting connection and encourages future support.
